10. Print your WIP and submit to Hanna by 9:00am each morning. Sales Rep and Assistants Guide to Understanding Their Wip

- Rep: Scan the OrderStatus column for any jobs listed in NEW. Circle or highlight any discrepancies.
  - Admin: It is your duty to task the order correctly to ensure it is moving within the system.
- Rep: Scan the OrderStatus column for any jobs listed in AutoNew. Circle or highlight any jobs listed in these statuses.
  - Admin: It is your duty to ensure any jobs in AutoNew have moved on to Production and have not been moved to any Exception ques. A job with an exception will not be listed as such on your WIP.
- Rep: Scan the CSR column and ensure your csr's name or ID is listed for each job on the WIP.
   Circle or highlight any discrepancies.
  - Admin: If your name/csrID is not listed on every order on the WIP, any discrepancies must be immediately changed in the order.

**Rep:** Check the OrderStatus and JobStatus on all order out jobs. They should read Production in the order status and outsourced in the jobstatus. If it says pending or qued in the JobStatus column, your outsourced order has not been placed with the vendor. Circle or highlight any discrepancies.

 Admin: Discrepancies must be brought to Order Out's attention for an immediate resolution. Jobs approved before 10:00am and 2:00pm should be placed same business day. If your job was approved at noon on Tuesday it should read Production in the order status and Outsourced in the JobStatus.

Order Status	And what it means

	the rep and admin only from the
	art department
Waiting Approval	Your Job has been proofed to your
	client by either admin or sales rep
AutoNew	Your job has been approved
Production	Your job has reached Production
Shipped	Your job is completed and has
	shipped and/or delivered to your
	customer.

JobStatus	And what is means
Pending	Your job has been approved and is slotted for plates or high-resing
Qued	Your job has been plated and/or high-res and is ready for ordering or printing.
Outsourced	Your outsourced job has been ordered
Print	Your job is being printed
Cut	Your job is in bindery
Finished	Your job is ready to be prepared for delivery
Boxed	Your job is complete and packaged for delivery
Closed	The production aspect of your job has been completed and has shipped or delivered.
Closed	Your job has completed and has been archived.
